

Practical Risk Assessment - Course Outline

Half day – 9.30am – 12.30pm or 1.30pm – 4.30pm

This course will look at the components of risk assessment and will consider the following areas:

- What is risk? What is risk management?
- Your organisation's strategic objectives and the role of the Risk Manager
- Risk identification techniques
- Problems with initial assessments
- Risk evaluation in terms of likelihood and impact
- Factors which influence the risk evaluation process
- Risk perception
- Communicating risk
- Developing a risk register
- Risk control measures and their effectiveness
- Business Continuity Management as a control measure.

All of our courses are tailored to suit an organisation's individual training needs.
